

1 Identification of the preparation and the supplying

Company

- 1.1 AF Glue Pad Ephestia & Plodia
- 1.2 Glue trap for food moths
- 1.3 PestWest Starkeys, 4 Tesla Link, Wangara, WA 6065, Australia
- 1.4 Emergency telephones. Medical professionals should use National Poisons Information Service Tel: 0870 600 6266. Killgerm Chemicals Ltd, 01924 268452 (Office hours)
Non-medical professionals should seek information by contacting NHS 111, Tel :111

2 Hazards identification

2.1. Classification of the substance or mixture

The preparation is not classified as hazardous under the provisions of the EEC/67/548 and EC/1999/45 directives and/or of the EC Regulation 1272/2008 (CLP) and of the modifications and amendments thereto.

2.2. Label elements

Pictogram: None

H statements: None

Precautionary statements (P):

P101 If medical advice is needed, have product container or label at hand.

P102 Keep out of reach of children.

2.3. Other hazard: none

3 Composition and information on ingredients

3.2. Mixtures

Hazardous Components in Product

The preparation is not classified as hazardous under the provisions of the EEC/67/548 and EC/1999/45 directives and/or of the EC Regulation 1272/2008 (CLP) and of the modifications and amendments thereto.

4 First Aid measures

4.1. Description of first aid measures

General information: If used as intended, no health damage to be expected.

Ingestion (swallowing): No information available.

Inhalation: No information available.

Skin contact: In case of long-term skin exposure obtain medical attention.

Eye contact: Remove contact lenses. Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. In case of eye irritation consult specialist.

Advice to doctor: No information available.

4.2. Most important symptoms and effects, both acute and delayed: none

4.3. Indication of any immediate medical attention and special treatment needed ...See 4.2

5 Fire-fighting measures

- 5.1. Extinguishing media:** No special measures necessary. All known extinguishing media can be used.
- 5.2. Special hazards arising from the substance or mixture:** None.
- 5.3. Advice for fire-fighters:** Fire residues and contaminated firefighting water must be disposed of in accordance with local regulations.

6 Accidental release measures

- 6.1. Personal precautions, protective equipment and emergency procedures:** None.
- 6.2. Environmental precautions:** None.
- 6.3. Methods and material for containment and cleaning up:** Take up mechanically and collect in suitable container for disposal.
- 6.4. Reference to other sections:**

7 Handling and storage

- 7.1. Precautions for safe handling:** None.
- 7.2. Conditions for safe storage, including any incompatibilities:** Store in cool and dry place. Avoid temperatures exceeding 30° C.
- 7.3. Specific end use(s):** Monitoring of contamination with *Ephestia* & *Plodia* sp, Flour moth and Indian Meal moth.

8 Exposure controls and personal protection

8.1. Control parameters

8.2. Exposure controls

Where exposure may occur engineering controls should be employed. A risk assessment should be carried out and the following PPE may be appropriate /required

Ingredients with occupational exposure limits to be monitored:None.

Respiratory protection:No personal respiratory protective equipment normally required.

Hand protection:No personal hand protection normally required.

Eye protection:No personal eye protection normally required.

General protective measures:None.

Environment protection measures: See section 6. No specific additional measures required.

9 Physical and chemical properties

9.1. General information

Appearance: Solid, Glue layer transparent, Carrier brown/white

Odour: Neutral

pH: Not determined

Density: Not determined

Flammability: Not determined

Boiling point/boiling range: Not determined

Vapour density: Not determined

Vapour pressure: Not determined

Melting point/freezing point: Not determined
Solubility in water: Not soluble
Solubility in other solvents: Not determined
Explosive properties: Not determined
Combustibility: Not determined
Oxidising properties: Not determined
Evaporation rate: Not determined
Partition coefficient: Not determined
Decomposition temp: Not determined
Auto-ignition temp: Not determined

10 Stability and reactivity

10.1. Reactivity: not reactive

10.2. Chemical stability: Stable at normal conditions.

10.3. Possibility of hazardous reactions: None.

10.4. Conditions to avoid: Do not expose to temperatures above 100° C.

10.5. Incompatible materials: None.

10.6. Hazardous decomposition products: None.

11 Toxicological information

11.1 Information on toxicological effects

(a) acute toxicity; No data available.

(b) irritation; No data available.

(c) corrosivity; No data available.

(d) sensitisation; No data available.

(e) repeated dose toxicity; No data available.

(f) carcinogenicity; No data available.

(g) mutagenicity; No data available.

(h) toxicity for reproduction; No data available.

11.2 Other data: see section 2.3

12 Ecological information

12.1. Toxicity: No data available.

12.2. Persistence and degradability: No data available.

12.3. Bio accumulative potential: No data available.

12.4. Mobility in soil: No data available.

12.5. Results of PBT and vPvB assessment: No data available.

12.6. Other adverse effects: No data available.

13 Disposal considerations

13.1. Waste treatment methods

Dispose of as controlled waste using EWC code 20 01 39

14 Transport information

14.1. UN number: N/A

14.2. UN proper shipping name: N/A

14.3. Transport hazard class(es) : N/A

14.4. Packing group: N/A

14.5. Environmental hazards: N/A

14.6. Special precautions for user: N/A

14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code: N/A

15 Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture:

Safety evaluation: Safety evaluations of the materials contained in the preparation have been conducted. The preparation does not contain substances classified as hazardous to health in concentrations which should be taken into consideration according to EC directive.

Labelling: The product does not require to be specifically labelled with respect to EC directives and does not require a hazard warning label in accordance with EC directives.

EC directives: The product corresponds to EC directives relevant for such preparation.

15.2. Chemical safety assessment: Advice on product handling can be found in sections 7 and 8.

16 Other information

This data sheet does not constitute a COSHH assessment.

The information contained within this data sheet is strictly for general guidance only and should not be relied upon over and above this. This data sheet is intended to provide general health and safety guidance on the handling, storage and transportation of the preparation. The information provided in this data sheet is accurate at the date of publication and will be updated as and when appropriate. No liability will be accepted by Killgerm Chemicals Limited for any loss, injury or damage arising from any failure to comply with the information and advice contained within this data sheet and/or failure to comply with the manufacturer's guidelines, product label data and any associated technical usage literature.
