## Goliath® Cockroach Gel

### DIRECTIONS FOR USE:

RESTRAINT: Do NOT place in areas that are routinely washed.

SITUATION	PEST	RATE	CRITICAL COMMENTS
Domestic, Commercial and Public Service Buildings	German and other common cockroaches.	Apply 1-3 spots per m <sup>2</sup> . Recommended spot size is 0.03-0.06g. Increase the number of spots (up to 3) and spot size depending upon severity of infestation and species present.	Gel placement should be at or near areas where cockroaches gather, such as in cracks and crevices.

**NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

### GENERAL INSTRUCTIONS

To apply the gel, remove the cap on the nozzle and touch the tip to the surface to be treated and depress plunger slightly. Recap the dispenser after treatment is completed and return cartridge to the outer pack. Re-apply according to remaining level of infestation, when bait is no longer visibly present. A visual inspection of gel placements is recommended one month after initial treatment.

### GROUP 2C INSECTICIDE

### INSECTICIDE RESISTANCE WARNING

For insecticide resistance management, GOLIATH Cockroach Gel is a Group 2C insecticide.

Some naturally occurring insect biotypes resistant to GOLIATH Cockroach Gel and other Group 2C insecticides may exist through normal genetic variability in any insect population. The resistant individuals can eventually dominate the insect population if GOLIATH Cockroach Gel or other Group 2C insecticides are used repeatedly. The effectiveness of GOLIATH Cockroach Gel on resistant individuals could be significantly reduced. Since occurrence of resistant individuals is difficult to detect prior to use, BASF Australia Ltd accepts no liability for any losses that may result from the failure of GOLIATH Cockroach Gel to control resistant insects.

GOLIATH Cockroach Gel may be subject to specific resistance management strategies. For further information contact your local supplier, BASF representative or local agricultural department agronomist.

### PROTECTION OF LIVESTOCK, WILDLIFE, AND OTHERS

Do NOT contaminate streams, rivers or waterways with the chemical or used containers. Do NOT apply this product in any areas easily accessible to children or animals.

### STORAGE AND DISPOSAL

Store in the closed, original container in a cool, well ventilated locked place out of the reach of children. Do NOT store in direct sunlight. Dispose of empty container by wrapping in paper, placing in plastic bag and putting in the garbage.

### SAFETY DIRECTIONS

May irritate the eyes and skin. Avoid contact with eyes and skin. Wash hands after use.
